

LATIFAH KHALID ALANAZI

SOFTWARE ENGINEERING GRADUATE | QA TESTER | ISTQB CTFL CERTIFIED

Hail / Riyadh, Saudi Arabia | +966554135613 | latifa.k.alanazi@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Software Engineering graduate and ISTQB CTFL certified QA Tester with hands-on experience in manual testing, API testing, automation testing, test case design, and defect reporting. Familiar with SDLC, STLC, Agile methodologies, and software quality assurance practices. Combining software engineering expertise with quality assurance practices to deliver reliable and high-quality software solutions.

EDUCATION

University of Hail

Bachelor of **Software Engineering** 2021 - 2026

GPA: 3.289/ 4.00

EXPERIENCE

1- JODAYN Information Technology Company

Cooperative Trainee – Quality sector / 7 Months

- Performed manual testing and executed test cases based on requirements and user scenarios.
- Identified, documented, and reported defects with clear reproduction steps.
- Retested resolved defects and validated system functionality.
- Collaborated with developers to improve software quality and performance.

PROJECTS

SparkHub System

(Graduation Project | Team Project)

University club management platform developed using Angular, Django, Pandas, Scikit-Learn, and gamification techniques.

Quality Hub System

(Personal Project)

QA-focused system for managing test cases and defect tracking using Flask and SQLite

BuggyBank

(Personal Project)

QA training website that simulates a banking system and challenges users to identify and report intentionally seeded defects.
